

MAIN PANEL R60 G2

Main Panel R60 G2 is an updated version of the Main Panel for the R60 control system. With a new display the graphic design is more clear and with a modern feel as well the operation is faster. The complete delivery is more compact and making installation more easy still offering the full connection options. Depending how big your searchlight system solution is add an Ethernet switch for more Ethernet ports. IP setting is done at commissioning. Including one relay for PSU control.

Item Number	6009006
GTIN	5903531414610
Stock status	B
